

PERFORATORS

STROMBERG

A-B-E Perforators 700 Electric / 800 Manual

It is your best protection...For permanent and unalterable marking of documents—perforated holes can't be erased. Applications include: *Dating, Numbering, Canceling, Receipting, Validating, and Coding.*

- *Fast, Convenient, easy to operate* — Automatically perforates up to 20 papers per insertion.
- *Attractively Priced* — Costs less than other comparable electric perforators.
- *Rugged Construction* — Made of heavy-duty aluminum alloy die casting. Completely enclosed gears and motor bearings are lifetime lubricated. All steel punches and die plate.
- *Removable Die Block* — Allows for quick replacement of worn or damaged punches.
- *Various Styles* and options to choose from.
- *Wheels* are available for Dating, Numbering, and Alpha Characters.
- *Key option* — Keys are available to give unlimited inscriptions for multiple operations.
- *Bottoms-In* option—For documents that require perforation at the bottom of the form.

The A-B-E 800 is similar to the electric model 700 except that it is manually operated and can perforate up to 12 papers at a time. The 800 requires little effort and is available for most applications.
