

EX-2000 EXPRESS

SEALER

Increase Productivity and Cut Mailing Costs

The EX-2000 Express Sealer is the latest in cost-efficient and time-saving mail processing technology from Duplo. The EX-2000 automatically folds and pressure seals self-mailing forms. These one piece mailers eliminate the need for costly envelopes and time-intensive folding and inserting.

At 7,500 sheets per hour, the EX-2000 is sure to handle all your mailing jobs quickly and effortlessly. Paychecks, rebate checks, invoices, notices, statements, and many other popular mailing applications are accomplished at the touch of a button.

Unlike other manufacturers' straight line design, the EX-2000 has a unique 90° angle design which provides the perfect amount of pressure to the middle of the document, an area commonly missed by other pressure sealers.

The EX-2000 Express Sealer — the ideal finishing solution for your one piece mailing needs.

A WIDE VARIETY OF APPLICATIONS

The Duplo EX-2000 Express Sealer provides versatility, security, and flexibility in these and numerous other outbound and outbound-with return mailing applications:

EC-Fold	8.5" x 14"	8.5" x 5.25"

SPECIAL FEATURES

- Solid, heavy-duty construction for years of trouble-free performance
- No pressure roller gap adjustments required to ensure an optimum seal
- Last-form detection stops machine when empty
- Double-feed detection and paper feeding pressure adjustment increases accuracy and efficiency
- Safety interlocks automatically shut down machine when access covers are opened
- Compact design and small footprint
- May be used for fold only applications

SPECIFICATIONS

TYPE	Desktop	
PAPER SIZE	Length	279.4 mm to 355.6 mm (11" to 14")
	Width	210 mm to 215.9 mm (8.27" to 8.5")
PAPER TYPE	24 to 32 lb. (pressure sensitive paper); envelope paper with pressure sensitive adhesive along the edges of the front*	
SPEED	8.5" x 11"	7,500 sheets/hour (FAST mode) 5,000 sheets/hour (SLOW mode)
FEEDER CAPACITY	200 sheets of 28 lb.	
FOLD TYPES	V, Z, C, EZ, EC	
FOLD LENGTH	1st panel	35 mm - 266.7 mm (1.38" - 10.5")
	2nd panel	35 mm - 150 mm (1.38" - 5.91")
STACKER CAPACITY	200 Z-fold of 28 lb.	
FUNCTIONS	Test operation; paper empty detection; jam detection; safety interlock; overload detection; speed selection; batch counter; double-feed detection	
DIMENSIONS (WxDxH)	In use	701 mm x 756 mm x 533 mm (28" x 30" x 21")
	In storage	465 mm x 633 mm x 403 mm (19" x 25" x 16") (with fold plate removed)
WEIGHT	54 kg (119 lbs.)	
POWER SOURCE	115V AC (±10%) 60Hz	
DUTY CYCLE	80,000 per month	

* Do not use envelope paper with pressure sensitive adhesive applied overall.
Production rates are based on optimal operating conditions and may vary depending on stock and environmental conditions.
As part of our continuous product improvement program, specifications are subject to change without notice.
