V-417

C U T S H E E T B U R S T E R

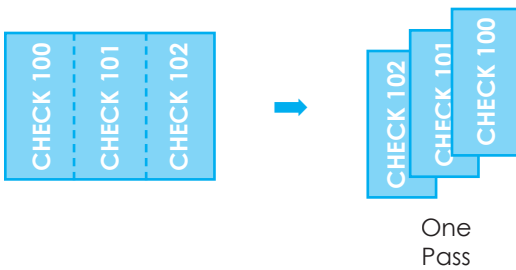

Businesses and organizations processing documents such as checks, gift certificates, invoices, labels, and tickets on pre-perforated forms will find the V-417 Cut Sheet Burster extremely useful and simple to operate. The V-417 automatically separates pre-perforated forms and stacks them in sequential order. With speeds of up to 140 sheets per minute, it's the ideal finishing solution for bursting multiple forms printed on the same sheet. Eliminate cut sheet bursting by hand and add efficiency to your operation!
