

Duplo V-350 Burster

Shown with optional V-130 Signer attached

This compact forms burster can burst and trim up to 5-part carbonless or 3-part carbon interleaved at a variable speed 40 to 160 feet per minute. A belt conveyor and sequence stacker collect s bursted forms at the output end of the machine, while the interlocking safety system protects the operator. Options include a stand, check signer, and center slitter.

Features:

- Handles a variety of forms
 - Variable speed control up to 160 feet per minute
 - Bursts and trims up to 5 part carbonless or 3 part carbon interleaved
 - OPTIONS: Stand, check signer and center slitter. Center slitters slit two-wide forms and double bursting capacity. With a center slitter, specialty cuts can be made. Center slitters can be fixed or adjustable, allowing for customized cuts.
- Steel and Aluminum construction
 - Interlock safety system keeps user safe from injury
 - Variable speed
 - Belt conveyor and sequence stacker collects bursted forms at the out-feed end of the machine
 - Easy operator loading and unloading
 - UL listed and CSA certified
 - Conforms to OSHA standards for safety
