

Shear Tech *SC-4000* AUTOMATIC STRIP CODER SYSTEM

The SC-4000 is a table-top, one pass automatic check stripping/encoding system designed for "Return Item" and "Reject Reentry" applications. The stripping and the MICR encoding operations can also be performed separately.

- Strip and MICR encode your Reject/Return Items in one fast station.
- Very small footprint will fit in any office environment.
- Advanced microprocessor based system designed to meet your needs at affordable price.

POWER

Voltage: 115/220 V AC,
50/60 Hz

Current: 6/3 Amp Max

DIMENSION

Height: 8 inches

Width: 38 inches

Depth: 25 inches

WEIGHT: 65 lb.

FEATURES
